## NUMBER 6.

## 24TH ANNUAL CLERKS' BALL

Seventy couples on the floor and about two hundred "spare" in the balcony were present at the 24th annual Clerks' Ball at Norway Opera House, Tuesday evening, February 5. Because of the extremely cold weather, sickness, electric service and uncertain train connections the out of town patronage was light and the large number who take advantage of this social function were not present.

The proceeds were to be given to the local Red Cross, many items of expense had been reduced, but this did not in any way lower the standard of service nor detract from the social atmosphere which for nearly a quarter of a century made this function an annual success.

Shaw's Orchestra, nine pieces, furnished excellent music. This was their second engagement with the Clerks' Association and only favorable comments have been heard concerning the quality and quantity of service. Stalled trains caused a delay of three hours and the ball was 10:30 before the full organization got underway. The musicians included Howard W. Shaw, conductor and clarinet, Dr. Carl S. Briggs and Harold E. Moore, violin, James Mason, trombone, Roy Ed-ward, cornet, Clarence L. Decoster, bass, Mrs. Carl Briggs, piano, P. J. Stor-ey, Portland, saxophone and flute, Roger Sloane, drums.

Of course John H. Haselton of West- brook was here for the twenty-fourth time to officiate from the stage during the contest. "Uncle" John was a citizen of Norway when the clerk started this event and had a busy time as promoter. He has been away from us many years, but a new generation who now have charge of affairs, look upon him as a dean of the dancing art, consequently they never fail to secure his services as a testimonial to many early successes. John is the same good natured, sociable fellow with a kind word for all and a step for the dance as lively as in years ago when as a master he was considered the best in Maine. "Uncle" John was greatly pleased with his invitation to behave this year as he remarked, "When I read the expenses were to be reduced this year, I expected to be cast aside as a useless fixture. After receiving notice that Norway wanted me again, I just danced about like a youngster. Modern dancing has put a prompter on 'easy street' and this generosity shows me in recent years just touches my heart and I assure my friends here that this act is deeply appreciated. This annual event is one big bright spot in my life and I just live to make the Clerks' Ball trip a home coming. I hunt up old acquaintances and live over happy memories of the past, this is the reason I can never keep on a perpetual bloom."

The grand march was led by floor manager Edward L. Burnell and wife, followed by the ails Mr. and Mrs. Lester V. Ashton, Mr. and Mrs. Earl V. Parnham, Mr. and Mrs. Homer W. Luck, Mr. and Mrs. George L. Curtis, Charles S. Akers and Ruth Akers, Herman Lewis and Edith Sadler, Douglas Farrar and Mrs. Harley True. The president of the association, W. Mayford Mann, was accompanied by his sister, Mrs. Bertha Fletcher of Westport, Mass. An order of sixteen dances was given with two extras. Boston fairs, Portland fairs, and Lady of the Lake were the only extras introduced. The remainder included all of the popular fancies so much in demand.

Refreshments including ice cream and fancy cookies were sold by the Red Cross, the boy scouts served. The committee who carried this to a successful conclusion included Mrs. Percy H. Nevers, chairman; Mrs. Gertrude Hosmer, Mrs. Edith Rich, Mrs. Emma Buck and Helen Hoffman.

A pleasing feature was the patriotic stage decorations done with a tasteful arrangement of various sized flags. A large national emblem extending across the stage front and draped below to arch way banked in the rear and on both sides with the stars and stripes with the draped figure of Columbia holding a flag was conspicuously displayed. The material for this handsome setting was loaned by the merchants and individuals who are anxious to do their part in assisting the clerks and Red Cross at this time. The general committee and volunteers are responsible for the successful decoration.

The officers of the Clerks Association and the ball committee are:

Pres.—W. Mayford Mann.  
Vice Pres.—Walter L. Hutchins.

## BASKET BALL

Norway High 30, West Paris High 18  
An interesting basketball game between Norway High and West Paris Friday evening, Feb. 7, was the home boys winning with a 30-18 score.  
The usual line up for Norway was changed somewhat for this game. Des- coteau played for Stone as r. g. and Jerry True made his first appearance with the regulars as r. f. This combination worked nicely with little or no confusion because of different conditions and the boys pulled off several neat plays during the evening.

West Paris opened the first period with a rush and caught Norway not fully awake. The visitors found the basket early caging a floor goal and another from the foul line before the home quint realized the situation. This three point lead so early in the argument proved a stimulant for the home boys. Norway outstuffed their fight for first place. Two quick aggression during the first half got Norway in bad on fouls, ten being called against them. Packard, the visitors converted only three from that number into goals from the line and Bacon had one try but missed. The home hard luck shooting for West Paris as their opportunity to drop the ball into the ring from the floor was frequently blocked, only three baskets were found during the first half because of a strong defense.

While West Paris played with speed and determination they had but three fouls called against them, two resulted in points gained by Descoeteau. Norway's spirit which differed from the home team in one and Descoeteau jammed against its own ends was the beginning of a rush that started a winning streak from the floor for during the last fifteen minutes of the first period Klain copped two baskets, L Fletcher found one, Bar- ton, one and one Descoeteau jammed down three, one being from a shot across the hall.

In the second half both teams were wide awake and their playing was for business only. Norway had the lead by the second period, but this was increased during the third drive they made during this part of the game. R. Fletcher as a c. second string player replaced Lloyd Fletcher and Descoeteau took his regular position at center. The action was fast and furious with Norway playing an aggressive game showing superior skill at this point with neat passing and hard work. Only one foul was called during this half and Packard had the honor of chalking up one on that for the visitors. The home team was successful with their second crop of baskets. Klain and Descoeteau captured three each and L Fletcher secured one. For the visitors Packard, Billings and Hill nabbed one goal each while Bacon passed in with a fine shot and a low lay up was class. Hard luck played strong for both teams and many shots that started with good intentions just missed going down through for a court.

Both teams were supported by a cheering section. The cheering was loud and contributed inspiring music. A delegation from West Paris High had seats in the visitors corner in the balcony and they were not slow to express themselves when their school came through strong. ## A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Norway people.

Wm. O. Needham, retired farmer, Main St., Norway, says: "At different times, when I have taken cold, my kidneys have become affected. Several years ago when I felt that my kidneys needed attention, I got Doan's Kidney Pills from F. P. Stone's Drug Store. They strengthened my kidneys, ridding my system of the excess of uric acid and in a short time I felt much better."

The above statement was given July 24, 1908 and on June 6, 1916, Mr. Needham said: "I still endorse Doan's Kidney Pills and my confidence in them is as strong as ever. I occasionally use Doan's when I feel in need of them and always get fine results."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Needham had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## WHY HATCH EARLY

Chickens hatched early in the spring are large in the summer, mature early in the fall, and lay eggs in the winter. They will start early the following spring, produce earlier chickens—and the process will be repeated by the offspring.

But the chicken hatched late in the spring will not mature until late in the fall—so late that they will not lay in the following spring—and again the process will be repeated.

The jury finds that the argument is all in favor of early hatching—especially this year.

## A Comment

Through the kindness of friends we recently received a clipping from the Portland Express and Advertiser wherein the editor commented on our writings in the following manner: "Important if true." Mrs. Sarah Kimball walked out to the village and back Tuesday—(Rowley Corner Item.)

Now to merely read this item it no doubt seems a small thing, but to townspeople and who know anything about it, consider it quite a feat. To do the simple thing we speak of, she walked a little over four miles, and on the return trip the last mile and a half necessitated a climb of 675 feet by the "Government Survey." She goes to the village quite frequently, carrying on quart pails of butter and the same of eggs in the other hand, returning laden with provisions and not unlikely a sack of flour. Sometimes she goes in the morning and works cleaning or mending the villagers may require. She has been the mother of eight children, six of whom are living, and is still on the sunny side of forty. The oldest child at home is a boy of twelve years. She does all the work for a family of seven and sometimes more, considering a trip to the village, merely a side issue.

Now if Sir Doubting-Thomas can just walk this road in the time it takes Mrs. Kimball to say nothing of doing a day's work, we'll say he had best give up printing and go to sprinkling.

The Great Corn-Loosener of the Age. Never Fails. Painless.

Corns Simply Can't Stop us. We use "Gets-It" in the face and red in the toes. No more for me! Use "Gets-It." It never fails. It cuts any corn or callus with two drops of "Gets-It," and "Gets-It" does the rest. It's a relief to be able to step cutting corns, making them bleed, wrapping them up like packages and using sticky tape and salves. It removes any corn clear and clean, leaving the toe as smooth as your palm. You can wear those new shoes without pain, dance and be frisky on your feet. It's great to use "Gets-It." ### NORWAY AND VICINITY.

**Orin P. Stiles**  
Orin P. Stiles of Norway died early Saturday morning, Feb. 2, at the home of his daughter, Mrs. W. E. Damon at Buckfield, where he had been living for several months because of poor health.  
Mr. Stiles was born at Bethel seventy-two years ago. His parents were Alanson and Susan (Heath) Stiles and he was the second son in a family of four children. All lived to maturity, two having passed away within a few years. He worked on the home farm at Grover Hill and attended the district school in that neighborhood, then secured employment with W. E. and J. P. Skillings in their spool mill for several years. For a number of years and other towns.  
About fifty years ago he married Sarah Stevens of Sweden. She died at Norway four or five years ago. He is survived by a brother, Andrew Stiles of Norway; four daughters, Mrs. Mertie Payne of this town, Mrs. Fannie Rowe, Mrs. Ella Damon, Mrs. Marie Bigelow all of Buckfield and a son Frank Stiles of South Paris.

The funeral was held at the home of his daughter Mrs. Damon at Buckfield, Monday afternoon, conducted by Rev. Mr. Davis. The remains were placed in the tomb there and will be buried in Norway Pine Grove cemetery at a later date.

Frozen pipes in the heating plant at Novelty Turning Co. caused a shut down Tuesday while repairs were being made.  
Tuesday, February 5, will pass as one of the coldest and most disagreeable days for the winter. With the temperature at 20 below zero and a fifty mile N. W. wind blowing from midnight until the sun tempered the air a bit, caused everybody to put on forced draft and precious fuel. This extreme condition undoubtedly off-set every ounce of coal of cord wood stick saved during the "heatless" Mondays. Ten below zero at noon with a high wind continued until sunset. The gale let up but the mercury dropped. Many frost bites were recorded.

Mrs. B. Perley Proctor has disposed of her household goods and will leave town this week with her daughter, Mrs. Chas. Wood, for Skowhegan, where their home will be in the future.

**Mrs. Sybil J. Kemp**  
On Jan. 25, Mrs. Sybil J. Kemp of East Otisfield passed from this life to the better life beyond. Mrs. Kemp was born in Otisfield, Dec. 24, 1835 and so was in her 83rd year. She was the daughter of Zachariah and Betsy Hancock Wardwell. In 1856 she married Charles Kemp and six children were born to them, Z. Willis Kemp, principal of Sanborn Seminary, Bangor, N. H., Martha H., who died in 1872, when she was four years of age, Maurice C., a prominent farmer of Otisfield, Oscar E. of Cumberland Center, long an official in the Rhode Island state prison, now in the poultry business, Bertrand C., supervisor of Butler Hospital, Providence, R. I., Walter E., who died in 1907. In addition to these children Mr. and Mrs. Kemp adopted and brought up as their own, Lewis L. Trowbridge, on the death of his mother, Mrs. Charles Trowbridge, sister of Mr. Kemp Lewis at Providence, R. I. in 1908.

Mrs. Kemp passed the first twelve years of her married life on the farm now owned by Sidney Kemp, but in 1867 Mr. Kemp purchased the adjoining farm and there they passed their golden wedding, which the six sons attended.  
In 1907 Mr. Kemp died at the age of 77 and Mrs. Kemp has since lived with her son, Maurice, who owns the home farm. During her long life she enjoyed remarkably good health which was continued within two weeks of her death, which was caused by a cerebral hemorrhage. She was deeply interested in the moral and religious welfare of the community and for nearly fifty years was a consistent member of the Free Baptist church of East Otisfield. She was a kind neighbor, a loving wife and a devoted mother. No sacrifice was too great for her children's sake and she rejoiced to see them taking responsible positions in the work of the world.

The funeral services were held at the home, Sunday, Jan. 27 and were conducted by her pastor, the Rev. George Kneeland. The profusion of floral tributes that covered the casket bore mute testimony to the esteem in which she was held by her children and friends. The burial was in Elmwood cemetery and the bearers were the four sons.

## DOCTOR URGED AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me a few days but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to a n operation. I took five bottles of it and it has completely cured me. I am now a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me. NELLIE B. BARRINGTON, 609 Calverton Rd., Baltimore, Md.

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from ailments to consider trying it before submitting to such a trying ordeal.

# SERVE YOUR COUNTRY By Saving Money!

Everybody has been asked to save in every way possible. But not much has been said about conserving labor and materials, and saving money as a means of serving the Country. So please read this page.

You've always been told you ought to save money; every day some savings bank advertisement tells you so. The chief reason given for saving money has been that you'd have the money with interest later on, as a step to financial independence and success.

That is an excellent reason, but there's a better reason than that. Save because we have pledged the honor of our Country and our people to fight this war to our last dollar and to our last man, if necessary. America does not break her word. The necessities of the war must be produced,

and must be produced quickly. The key to the situation, therefore, rests in the hands of the average man, woman and child in every State in the Union who can, by refraining from everything not absolutely necessary to health and efficiency, release strong arms to the production of materials of war and the support of our Army and Navy.

Money saved makes of you a better man or woman, boy or girl; makes you dependable, responsible; increases self-respect, which increases your value.

Save money to help your Country; and in order to help you do it, our Government has prepared War Savings Stamps and U. S. Thrift Stamps, which you can buy in sums as small as 25 cents at a time.

- 1—War Savings Stamps are a promise to pay you the amount you invest, at the end of 5 years, with 4 per cent interest compounded every three months.
- 2—You can turn them into cash any time without looking for a buyer; just go into any post office and serve notice that you want your money back.
- 3—You can invest in U. S. Thrift Stamps as little as 25 cents at a time, and as much more as you please.

One of the oil tank steamers went around and will be delayed several days arriving at a Maine port. The mill

The mill of the International Paper Co. at Rumford, closed over the heatless Monday, was unable to re-open Tuesday because of the failure to receive a supply of crude oil upon which it depends for fuel. One of the oil tank steamers went ashore and will be delayed several days in arriving at a Maine port. The mill employs 800 hands.
